

Omnia Total Block-Out

Omnia | White Printable Media

Features

Omnia Total Block-Out is a 200 micron dual-layered PVC, providing total opacity. This product has a gloss white face film and is printable with the full range of printing methods: (eco)solvent, UV and latex inks. Total Block-out also gives good results with screen printing inks.

Thanks to its outstanding opacity level, Omnia Total Block-Out is the ideal solution for double-sided graphics for retail window applications, without grey adhesive visible on the backside. Total Block-out is a 200 micron vinyl and can be wet applied, which makes the application user-friendly and swift.

Total Block-Out is available in 1370mm (width) x 30m (length) rolls.

Technical & Performance Information

Film Thickness	200 micron
Adhesive Thickness	25 micron
Total Thickness	225 micron
Adhesive type	Removable clear solvent based acrylic
Release Liner	140 gsm kraft liner
Artificial Weathering *	3 years
Adhesion to steel (20 mins / 180°)	12 N/25mm
Adhesion to steel (24 hrs / 180°)	17 N/25mm
Dimensional Stability	Good
Application Temperature	+5 to +25°C
Service Temperature	-40 to +95°C
Opacity	Very high
Printability	(eco)solvent, UV & latex

* equivalent to vertical exposure in Mid-European climate
